With some bidders having some exceptions to bid specs and with Freightliner having a good overall vehicle warranty, with a local facility with parts and service in Jonesboro, AR, as well as Tristate Truck Center, are valuable considerations used in determining the best bid and best overall value for Craighead County. Additionally, upfront cost is lowest of other competitors. The ability to purchase replacement service items locally and in bulk to coincide with current fleet trucks is an asset to the County.					
All bids were very competitive and offered quality equipment. After considerable study and evaluation of bids including up front purchase price, vehicle warranty, local parts and service facility, purchase of current fleet replacement parts in bulk are valuable considerations and it is therefore determined that the best overall value for Craighead County is Freightliner offered by Tag Truck Center, as outlined above.
